

**IWA “Walk & Talk” Guidelines and Suggestions (June 2020)**  
**Dell Harmsen, Director for Member Engagement starting 7/1/20**

- Give exact instructions for the meeting place. (A photo is a great help!)
- Have a route in mind—probably one hour or so—and do a trial run ahead of time. (The route can always be varied, depending on group size, group wishes, weather, etc.)
- The wider the walking area, the better! (No narrow passageways!)
- Include the reminder: **FACE MASKS AND SOCIAL DISTANCING REQUIRED!**
- Please bring your own water and hand sanitizer
- Please note: there are probably no public restrooms available!
- If more than 10 people attend, consider dividing into two groups, each with a leader.
- List a contact person and phone number. (This is visible to IWA members only — as is everything on our private Facebook Group and IWA mailings.)
- In case of cancellation—for weather or any reason—announce it ASAP on our IWA Facebook page.
- Clear all IWA walks with Dell Harmsen (312-515-0317). Have a time and date in mind — at least one week ahead, on a day with no other IWA activities on the website calendar. (10 a.m. has been the most successful start time.)
